Experience

Mangovale Estate

Property management

June 2023 – August 2023

- Ensured the smooth functioning of the shop during the season.
- Increase sales by about 100% by making the business more visible.
- Network with the local farmers and forest officials so as to maintain the strict rules regarding wildlife.
- Network with the local business's to use our product for their business's.

Mangovale Estate

Property Management

May 2022 – August 2022

- Set up shop for a small scale farm to sell their produce directly to their customers.
- Managed the construction of the shop (working with contractors).
- Worked with forest officials to make the business more safe for wildlife.

Leadership & Activities

Web Development

Mangovale Estate

January 2024- Present

- Currently building a website for Mangovale using the MERN stack (MongoDB, Express.js, React, Node.js).
- Focusing on developing a serverless database architecture utilizing MongoDB.
- Implementing scalable data storage solutions to enhance performance and reliability.
- Leveraging modern web development practices to create a responsive and dynamic platform.

Volunteer

Outside Looking In

May 2024

- Helped with the day to day functioning of the program as it came closer to show day.
- Organized ticketing and financing during show day.
